

Industrial Line Card

ANSI and API end suction, split case, multi stage, vertical turbine and mag drive pumps.

www.gouldspumps.com

Gear and rotary lobe pumps and strainers.

www.vikingpump.com

Single, double and split mechanical seals and support systems.

www.johncrane.com

End suction, multi stage, vertical turbine, and packaged booster stations.

www.goulds.com

Self-priming, solids handling, submersible and engine driven pumps.

www.grpumps.com

Progressive cavity pumps, rotating and static mixers.

www.moyno.com

Horizontal, submersible, vertical dry-pit and vertical wet-well chopper pumps, Triton screw centrifugal pumps, Rotamix hydraulic mixing systems.

www.chopperpumps.com

Fybroc® Dean Pump

Nonmetallic end suction, self-priming, vertical sump and high temperature pumps.

www.cecoenviro.com/fybroc

Air operated double diaphragm pumps, parts and accessories.

www.sandpiperpump.com

Multi stage, end suction, submersible and dosing pumps, engineered dosing systems and packaged booster stations.

www.grundfos.com

Lutz-JESCO America Corp. | USA
Dosing and chemical feed pumps, custom chemical feed systems, dry feed, measuring and control equipment.

www.lutzjescoamerica.com

End suction, horizontal split case and vertical inline pumps.

www.pentair.com

Submersible pumps, mixers and accessories.

www.xylem.com/en-us/brands/flygt

Liquid/solid separation, headworks equipment, sludge treatment, septage receiving stations, septage, gully and grit waste treatment.

www.huber-technology.com

Polypropylene mag drive end suction and self-priming pumps.

www.finishthompson.com

Liquid and dry polymer mixing and dry chemical feed systems, bulk solids handling for material process and conveyance systems.

www.velodynesystems.com

Odor Control technologies including chemical scrubbers, biotrickle filters, carbon adsorption towers, ammonia recovery systems and VOC stripping systems..

www.johncockerill.com

High pressure and custom gear pumps.

www.northern-pump.com

Submersible grinder and solids handling pumps, controls, basins and accessories.

www.zoellerengineered.com

Severe duty progressive cavity pumps, x-lift-in-place pump maintenance and biogas/biofeed systems.

www.wangen.com

Regenerative turbine pumps.

www.mthpumps.com

Multi stage side channel pumps.

www.seropumps.com

Complete modular cogeneration systems with full responsibility including maintenance.

www.gruppoab.com

Stainless steel sealed and mag drive external gear pumps.

www.liquiflo.com

End suction, double suction, vertical mixed flow and horizontal split case pumps.

www.torishimapump.com

Service & Repair

Repair of most design pumps, re-rate and evaluation of design conditions, field repair and start-up services.
