

## Mid-Atlantic Line Card

ANSI and API end suction, split case, multi stage, vertical turbine and mag drive pumps.

[www.gouldspumps.com](http://www.gouldspumps.com)

End suction, multi stage, vertical turbine and packaged booster stations.

[www.goulds.com](http://www.goulds.com)

Gear and rotary lobe pumps and strainers.

[www.vikingpump.com](http://www.vikingpump.com)

Self-priming, solids handling, submersible and engine driven pumps.

[www.grpumps.com](http://www.grpumps.com)

Sanitary lobe pumps, sanitary circumferential piston pumps and CIP, SIP and COP designs.

[www.vikingpumphygienic.com](http://www.vikingpumphygienic.com)

Dosing and chemical feed pumps, custom chemical feed systems, dry feed, measuring and control equipment.

[www.lutzjescoamerica.com](http://www.lutzjescoamerica.com)

End suction, horizontal split case and vertical inline pumps.

[www.pentair.com](http://www.pentair.com)

Nonmetallic end suction, self-priming, vertical sump and high temperature pumps.

[www.cecoenviro.com/fybroc](http://www.cecoenviro.com/fybroc)

Single, double and split mechanical seals and support systems.

[www.johncrane.com](http://www.johncrane.com)

Electric-operated double-diaphragm pumps (EODD), pulsation dampeners and IoT-enabled smartInsights platform for conditioning monitoring.

[www.cognitopump.com](http://www.cognitopump.com)

Air-operated double-diaphragm (AODD) pumps, pulsation dampeners, filter regulators and air system components.

[www.warrenruppinc.com](http://www.warrenruppinc.com)

Submersible grinder pumps, solids handling pumps and sewage ejector pumps.

[www.pentair.com](http://www.pentair.com)

Progressive cavity pumps for sludge and polymer, channel grinders and screens.

[www.moyno.com](http://www.moyno.com)

Multi stage, end suction, submersible and dosing pumps, engineered dosing systems and packaged booster stations.

[www.grundfos.com](http://www.grundfos.com)

Top and side entry rotating mixers, agitators and static mixers.

[www.chemineer.com](http://www.chemineer.com)

Polypropylene mag drive end suction and self-priming pumps.

[www.finishthompson.com](http://www.finishthompson.com)

Husky™ air-operated diaphragm pumps, piston transfer pumps and ink and chemical injection pumps.

[www.graco.com](http://www.graco.com)

Sealed and mag drive external gear pumps, high-alloy centrifugal pumps and engineered chemical processing pumps.

[www.liquiflo.com](http://www.liquiflo.com)

Barnes submersible and wastewater pumps, Burks regenerative turbine pumps, Deming end-suction and split case pumps and Weinman centrifugal pumps.

[www.cranepumps.com](http://www.cranepumps.com)

Simplex and duplex basket strainers, bag filters and housings.

[www.eaton.com](http://www.eaton.com)

Submersible slurry and agitator pumps, corrosion resistant submersible pumps (stainless steel and non-metallic) and high temp and dewatering pumps.

[www.flowsolutions.com](http://www.flowsolutions.com)

Rotary lobe pumps, aftermarket parts for all makes of rotary lobe pumps and repair and reconditioning of all makes of rotary lobe pumps.

[www.equipump.com](http://www.equipump.com)

Process filtration housings, hydraulic and lube oil filters, compressed air and gas filters and filter cartridges.

[www.parker.com](http://www.parker.com)

Laser-welded pillow plate heat exchangers, clamp-on vessel jackets and immersion plate heaters/coolers.

[www.omegathermoproducs.com](http://www.omegathermoproducs.com)

PreEngineered fuel oil sets for most common flows & pressures, submersible design option, standard with Viking Gear Pumps, custom controls and remote monitoring package available.

[www.hayespump.com](http://www.hayespump.com)

Repair of most design pumps, re-rate and evaluation of design conditions, field repair and start-up services.

[www.hayespump.com](http://www.hayespump.com)

Contact a Hayes Group Representative for your equipment needs! General inquiries for all product lines can be emailed to [sales@hayespump.com](mailto:sales@hayespump.com) or call 978.369.8800. Shop online at [shop.hayespump.com](http://shop.hayespump.com).

Product territories and availability may vary.

Hayes Group is the Northeast's largest and oldest industrial, commercial and municipal pump distributor with offices from Maine to New Jersey. We represent an extensive range of manufacturers and suppliers for equipment used in metering, transferring, and filtering fluids. With over 40 application specialists on staff and partnerships with the leading pump and flow solution equipment manufacturers in the industry, we are proud to be your best resource for pumping expertise in the Northeast today - New Jersey, New York, Connecticut, Rhode Island, Maine, Vermont, New Hampshire, and Massachusetts.

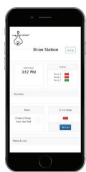

## Centrifugal Pumps

- Cooling Water
- Boiler Feed
- Utilities
- Washdown
- Wastewater Transfer
- Chiller Loops
- Raw Water Intake
- Process Circulation
- Condensate
- Booster Pumping

## Pump Controls, Drives & Condition Monitoring

- Water Booster Systems
- Booster Controls
- Wastewater Lift Stations
- Industrial Process Water
- Chemical Feed Systems
- Level Control
- VFD Pump Optimization
- SCADA

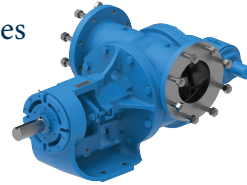

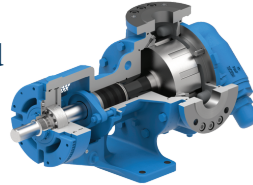

## Mechanical Seals & Sealing Support

- All Rotating Equipment Sealing Needs for Industrial & Municipal Customers

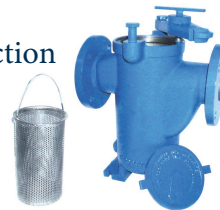

## Positive Displacement Pumps

- Chemical Feed
- Polymers
- Sludge
- Slurries
- Food Products
- Oils
- Adhesives
- Sanitary Processes

## Filtration & Strainers

- Water Pretreatment
- Water Treatment
- Wastewater Tertiary Systems
- Well Water Solids Removal
- Boiler Feed
- Process Protection
- Chemical Filtration
- Pump Suction Protection
- HVAC

## Mixers, Agitators & Process Equipment

- Chemical Mixing
- Sludge Blending
- Industrial Process Tanks
- Polymer Mixing

## Metering/Dosing Pumps & Chemical Feed Systems

- Wastewater Treatment
- Drinking Water
- Hypochlorite Feed
- Polymer Systems
- pH Neutralization
- Cooling Towers
- Boiler Treatment
- CIP Chemical Dosing
- Chemical Batching
- HVAC Chemical Feed
- Building Water Treatment

## Packaged Pump Stations & Engineered Systems

- Wastewater Lift Stations
- Municipal Water Booster Stations
- Industrial Water Systems
- Chemical Feed Skid Systems
- Building Mechanical Rooms

## Repair, Parts & Field Service

- All Municipal, Industrial, Commercial Pump & System Repairs
- 800-343-5020
- Service-HPI@HayesPump.com
